INDEPENDENT AUDITOR'S REPORT

Honorable Chairman and Members
of the Fire District
Westville Fire District No. 1
23 West Olive Street
Westville, New Jersey 08093

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Westville Fire District No. 1, as of December 31, 2020, and the related notes to the financial statements, which collectively comprise the Westville Fire District No. 1's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Westville Fire District No. 1, as of December 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis and Budgetary Comparison Information* identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Westville Fire District No. 1's basic financial statements. The combining and individual non-major fund financial statements is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, listed in the table of contents, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and letter of comments and recommendations section has not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 10, 2021, on our consideration of the Westville Fire District No. 1's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the

results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Westville Fire District No. 1's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION – PART I

**WESTVILLE FIRE DISTRICT NO. 1
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2020**

INTRODUCTION

The Westville Board of Fire Commissioners for Westville Fire District No. 1, hereinafter referred to as the "Fire District" is pleased to present the Annual Financial Report developed in accordance with Governmental Accounting Standards Board statement No. 34 entitled, "Basic Financial Statement - and Management's Discussion and Analysis - for State & Local Governments" (hereinafter "GASB 34") and related standards.

MISSION

The mission of the Westville Fire District No. 1 is to provide a professional level of community fire protection, emergency medical and rescue services to the citizens and property owners within the Borough of Westville, in order to prevent or minimize the loss of life, pain and suffering, and property damage as a result of fire or other type of emergency. The Fire District's mission will be accomplished by the effective use of its volunteer, career, and physical resources, in cooperation with other public agencies, utilizing state-of-the-art equipment, innovative techniques, and available technology to provide a high level of cost efficient, quality service.

RESPONSIBILITY AND CONTROL

The Fire District has prepared and is responsible for the financial statements and related information in this report. The opinion of the independent auditors, Petroni & Associates LLC, is included in this report. In management's opinion, the financial statements represent fairly and in all material aspects, financial position, and results of operations of the Fire District for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

SUMMARY OF ORGANIZATION AND BUSINESS

The Fire District is a taxing authority charged with the duty to prevent and extinguish fires and regulate fire hazards (NJSA 40A:14-81).

The Fire District was created for the purpose of fire suppression and prevention and operating a fire department for said purpose. The Fire District's responsibilities are carried out by a combination of full-time and part-time paid professional firefighters as well as a volunteer force.

MANAGEMENT OVERSIGHT

The Westville Board of Fire Commissioners consists of five board members who are elected by the residents of the Borough of Westville for three (3) years in alternate time periods.

LONG-TERM DEBT

As of December 31, 2020 and 2019, the Fire District had outstanding capital leases of \$297,839.95 and \$351,678.66, respectively.

COVID-19 Pandemic

In March 2020, the World Health Organization characterized a novel strain of coronavirus, known as COVID-19, as a pandemic. Concerns related to the spread of COVID-19 and the related containment measures intended to mitigate its impact have created substantial disruption to the global economy. As part of our response to the COVID-19 pandemic, we are following business continuity processes led by our administrative team. Our main priority is the health and safety of our residents. Our actions have been driven by government mandates and guidelines. The Fire District will also rely heavily upon social distancing, mask wearing for staff, along with sanitation and cleaning procedures. The Fire District expects the COVID-19 matter to impact its operating results. However, the related financial impact and duration cannot be reasonably estimated at this time.

FINAL COMMENTS

The Fire District has budgeted its expenses and revenues conservatively in the past and will continue to do so in the future. Maintaining or lowering tax rates while providing quality service are the primary goals of the Fire District. Constant internal monitoring of financial data ensures that these goals can be met.

CONTACTING THE FIRE DISTRICT

This financial report is designed to provide the Fire District's citizens, taxpayers, customers, investors, and creditors with a general overview of the Fire District's finances and to demonstrate the Fire District's accountability of the money it receives. If you have any questions about this report or need additional financial information, contact Fritz Sims, Chairman/Treasurer, at Westville Fire District No. 1, 23 West Olive Street, Westville, NJ 08093, or email at: fritz.sims@westvillefd.com.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2020 AND 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Westville Fire District No. 1 was created in July 1989. The governing body of the Borough of Westville adopted an ordinance creating the Fire District, the territorial location of which is coterminous with the Borough.

The governing body of any municipality which does not have a paid or part-time fire department may, upon application of at least twenty voters or at least five percent of the registered voters, whichever is greater, by ordinance, designate a territorial location (or locations) for use as a fire district(s).

The Fire District is responsible for the prevention and suppression of fire within the Borough. The Fire District encompasses approximately 1.378 square miles of territory and is coterminous with the boundaries of the Borough.

A Board of five commissioners governs the Fire District. The commissioners of the Board are elected at-large for three-year staggered terms with an annual election held the third Saturday of every February. The Chairman and other officers of the Board of the Fire District are selected from amongst the members of the Board.

Fire Districts are governed by NJSA 40A:14-70 et al. and are organized as a taxing authority charged with the responsibility of providing the resources necessary to provide firefighting services.

The Fire District is not a component unit of any other financial reporting entity nor does the Fire District have any component units to be presented in accordance with Governmental Accounting Standards Board Statement No. 14.

B. Descriptions of Funds

The financial statements of the Fire District have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Governmental Funds:

General Fund - The General Fund is the general operating fund of the Fire District and is used to account for the inflows and outflows of its financial resources except those required to be accounted for in another fund. The acquisition of certain capital assets, such as firefighting apparatus and equipment, is accounted for in the General Fund when it is responsible for the financing of such expenditures.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue sources, such as state or federal government grants and appropriations that are legally restricted to expenditures for specified purposes.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2020 AND 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Descriptions of Funds (Continued)

Governmental Funds (Continued):

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities such as fire houses and firefighting apparatus. Generally, the financial resources of the Capital Projects Fund are derived from the issuance of debt or by the reservation of fund balance, which must be authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

Debt Service Fund - The Debt Service Fund is used to account for resources that will be used to service general long-term debt liabilities recorded in the Debt Service Fund.

C. Basis of Accounting

The financial statements of the Westville Fire District No. 1 have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Fire District's accounting policies are described below.

Basis of Accounting, Measurement Focus, and Basis of Presentation

The Fire District's basic financial statements consist of District-wide statements, including a Statement of Net Position, a Statement of Activities, and a Fund Financial Statement which provides a more detailed level of financial information.

District-Financial Statements - The Statement of Net Position and Statement of Activities display information about the Fire District as a whole. These statements include the financial activities of the overall Fire District except for Fiduciary Funds. Governmental Activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

The Statement of Net Position presents the financial condition of the Governmental Activity of the Fire District at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Fire District's Governmental Activities. Direct expenses are those that are specifically associated with a program or function, and therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the Fire District.

Net Position - Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted

C. Basis of Accounting (Continued)

Net Position (Continued) - when there are limitations imposed on their use either through the enabling legislation adopted by the Fire District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

Revenues - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Receipts from Federal and State grants are realized as revenue when anticipated in the budget. Fund balance utilized to balance the budget is recorded as revenue and budgeted transfers from other funds are also recorded as revenue when anticipated in the budget.

Expenditures - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods and services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and as accounts payable. Budgeted transfers to other funds are recorded as expenditures when the budget is adopted, to the extent permitted or required by law. Appropriations for principal payments on outstanding bonds and notes are provided on the cash basis; interest is also on the cash basis.

Encumbrances - Encumbrance accounting is used for the General Fund and Capital Projects Fund. Encumbrances are recorded when purchase orders are issued but are not considered expenditures until liabilities for payments are incurred. Encumbrances are reported as reservations of fund balance on the balance sheet. Encumbrances do not lapse at the close of the fiscal year but are carried forward as reserved fund balance until liquidated.

Income Taxes - As a public body, under existing statutes, the Fire District is exempt from both federal and state taxes.

Capital Assets - The Fire District has established a formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at estimated fair market value on the date received. The cost of normal repairs and maintenance are not capitalized. The capitalization threshold used by the Fire District is \$5,000.00.

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Vehicles	10-20
Firefighting Equipment	10
Computer Equipment	5

NJSA 40A:14-84 governs the procedures for the acquisition of property and equipment for Fire Districts, and NJSA 40A:14-85 to 87 governs the procedures for the issuance of any debt related to such purchases. In summary, Fire Districts may purchase firefighting apparatus,

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Capital Assets (Continued) - equipment, land, and buildings to house such property in an amount not exceeding 5 mills on the dollar of the last assessed valuation of property, within the Fire District, upon the approval of the legal voters. Debt may be issued up to \$60,000.00 or 2 percent of the assessed valuation of property, whichever is larger.

Property Taxes - The County Board of Taxation certifies the tax levy of the municipality each year. The tax levy is based on the assessed valuation of taxable property within the municipality. Taxes are payable on the first day of February, May, August, and November. Any taxes that have not been paid by the 11th day of the 11th month in the year levied are subject to being included in the tax sale and the lien enforced by selling the property in accordance with NJSA 54:5 et seq.

The municipality is responsible for remitting 100% of the Fire District's tax to them.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

D. Recent Accounting Pronouncements Adopted

Statement No. 83, "Certain Asset Retirement Obligations." This Statement addresses accounting and financial reporting for certain asset retirement obligations (ARO's). This Statement, originally effective for period's beginning after June 15, 2018, was postponed until June 15, 2019. This statement did not have any significant impact on the financial reporting.

In April 2018, the Governmental Accounting Standards Board (GASB) issued Statement No. 88, "Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements." This Statement, originally effective for periods beginning after June 15, 2018, was postponed until June 15, 2019. This statement did not have any significant impact on the financial reporting.

In August 2018, the Governmental Accounting Standards Board (GASB) issued Statement No. 90, "Majority Equity Interests – an Amendment of GASB Statements No. 14 and No. 61." This Statement, originally effective for periods beginning after December 15, 2018, was postponed until December 15, 2019. This statement did not have any significant impact on the financial reporting.

E. Recent Accounting Pronouncements Postponed by GASB Statement 95

In May 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 95, "Postponement of the Effective Dates of Certain Authoritative Guidance." The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later. As a result of GASB 95, the effective dates of the following statements are postponed by one year:

E. Recent Accounting Pronouncements Postponed by GASB Statement 95 (Continued)

In January 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 92, "Omnibus 2020." This Statement, originally effective for periods beginning after December 15, 2020, is postponed until December 15, 2021. Management has not yet determined the impact of this Statement on the financial Statements.

In March 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 93, "Replacement of Interbank Offered Rate." This Statement, except for paragraph 11b originally effective for periods beginning after June 15, 2020, is postponed until June 15, 2021. The requirement in paragraph 11b originally effective for periods beginning after December 31, 2021, is postponed until December 31, 2022. Management has not yet determined the impact of this Statement on the financial statements.

F. Recent Accounting Pronouncements Not Yet Effective

In June 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 87, "Leases." The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement, originally effective for periods beginning after December 15, 2019, is postponed until June 15, 2021, due to the issuance of Statement No. 95. Management has not yet determined the impact of this Statement on the financial statements.

In June 2018, the Governmental Accounting Standards Board (GASB) issued Statement No. 89, "Accounting for Interest Costs Incurred Before the End of a Construction Period." The objectives of this Statement are to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period. This Statement, originally effective for periods beginning after December 15, 2019, is postponed until December 15, 2020, due to the issuance of Statement No. 95. Management does not expect this Statement will have an impact on the financial statements.

In May 2019, the Governmental Accounting Standards Board (GASB) issued Statement No. 91, "Conduit Debt Obligations." The objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with commitments extended by issuers, arrangements associated with conduit debt obligations and related note disclosures. This Statement, originally effective for periods beginning after December 15, 2020, is postponed until December 15, 2021, due to the issuance of Statement No. 95. Management does not expect this Statement will have an impact on the financial statements.

In March 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 94, "Public-Private and Public-Public Partnerships and Availability Payment Arrangements." The objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). This Statement is effective for periods beginning after June 15, 2022. Management does not expect this Statement will have an impact on the financial statements.

F. Recent Accounting Pronouncements Not Yet Effective (Continued)

In May 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 96, "Subscription-Based Information Technology Arrangements." This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement is effective for periods beginning after June 15, 2022. Management does not expect this Statement will have an impact on the financial statements.

In June 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 97, "Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84 and supersession of GASB Statement No. 32." The primary objectives of this Statement are to increase consistency and comparability related to the reporting of fiduciary component. This Statement is effective for periods beginning after June 15, 2021. Management does not expect this Statement will have a significant impact on the financial statements.

NOTE 2: BUDGETARY INFORMATION

Budgets and Budgetary Accounting - The Fire District must adopt an annual budget in accordance with NJSA 40A:14-78.1 et al. The fire commissioners must introduce and approve the annual budget not later than sixty days prior to the annual election. At introduction, the commissioners shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper having substantial circulation in the Borough.

The public hearing must not be held less than twenty-eight days after the date the budget is introduced. After the hearing has been held, the fire commissioners may, by majority vote, adopt the budget.

Amendments may be made to the Fire District's budget in accordance with NJSA 40A: 14-78.3. Subsequent to the adoption of the Fire District's budget, the amount of money to be raised by taxation in support of the Fire District budget must appear on the ballot for the annual election for approval of the voters.

Fire districts have a prescribed budgetary basis to demonstrate legal compliance. However, the budgets are adopted on principally the same basis of accounting utilized for the preparation of the Fire District's financial statements.

NOTE 3: CASH

Custodial Credit Risk – Deposits

Custodial Credit Risk is the risk that in the event of a bank failure, the government's deposits may not be able to recover the value of its deposits or investments. Deposits are considered to be exposed to Custodial Credit Risk if they are: uncollateralized (securities not pledged to the depositor), collateralized with securities held by the pledging financial institution, or collateralized with securities held by the financial institution's trust department or agent but not

Custodial Credit Risk – Deposits (Continued)

in the government's name. The Fire District's policy is based on New Jersey Statutes requiring cash to be deposited only in New Jersey based banking institutions that participate in the New Jersey Governmental Unit Deposit Protection Act (GUDPA) or in qualified investments established in NJSA 40A:5-15.1(a) that are treated as cash equivalents. As of December 31, 2020 and 2019, the carrying amount of the Fire District's deposits was \$426,902.37 and \$396,766.10, respectively. As of December 31, 2020 and 2019, \$0 of the Fire District's bank balance of \$449,014.86 and \$417,633.07, respectively, was exposed to Custodial Credit Risk.

NOTE 4: INVESTMENTS

As of December 31, 2020 or 2019, the Fire District did not have any investments other than LOSAP.

Interest Rate Risk - The Fire District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, NJSA 40A:5-15.1(a) limits the length of time for most investments to 397 days.

Credit Risk - NJSA 40A:5-15.1(a) limits municipal investments to those specified in the statutes. The type of allowable investments are Bonds or other obligations of the United States or obligations guaranteed by the United States, Bonds or other obligations of the Borough or Bonds or other obligations of the Borough school district, Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of Treasury for investment by local units, government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk - The Fire District places no limit on the amount the Fire District may invest in any one issuer.

Unaudited Investments

As more fully described in Note 9, the Fire District has created a Length of Service Award Program (LOSAP) for emergency service volunteers. The LOSAP investments are similar to those allowed in a deferred compensation program as specified in NJSA 43:15B-1 et seq. except that all investments are retained in the name of the Fire District. All investments are valued at contract value. In accordance with NJAC 5:30-14.37 the investments are maintained by Lincoln Benefit Life Company, which is an authorized provider, approved by the Division of Local Government Services. The balance in the account as of December 31, 2020 and 2019, amounted to \$257,860.33 and \$238,310.37, respectively. The information on 5% or more invested with Lincoln Benefit Life Company is listed below.

NOTE 7: COMPENSATED ABSENCES

Full-time employees of the Fire District are entitled to receive paid vacation as follows: 1-3 years - 1 week, over 3 years - 2 weeks, and over 5 years - 3 weeks.

Employees are required to take their vacation within the year earned or lose any unused days. The Fire District does permit employees to carryover days which could not be taken due to extenuating circumstances. These requests are handled on an individual basis and require approval by the Board of Fire Commissioners. Based on this policy, there is no liability for compensated absences.

The Fire District permits employees to be paid for sick days with no set limitation. The Board's intent was to cover the period between onset of illness and start of disability eligibility. With no set limit on days, there is no liability for compensated absences.

NOTE 9: LENGTH OF SERVICE AWARD PROGRAM

The Board of Commissioners approved the creation of the Length of Service Award Program (LOSAP) by resolution on December 10, 2001. The voters of the Westville Borough approved the establishment of a Length of Service Awards Program (LOSAP) Deferred Compensation at the election held February 16, 2002. The LOSAP provides tax deferred income benefits to active volunteer firefighters. This plan is made available to all bona fide eligible volunteers who are performing qualified services which are defined as firefighting and prevention services, pursuant to Section 457 of the Internal Revenue Code of 1986, as amended, except for provisions added by reason of the LOSAP as enacted into federal law in 1997. The establishment of this LOSAP also complies with New Jersey Public Law 1997, Chapter 388, and the LOSAP Document. The balance is subject to the general creditors of the Fire District. Contributions by the Fire District for qualified participants were \$13,944.00 and \$13,570.00 in 2020 and 2019, respectfully, for those eligible in those years. As of the date of the audit, the Fire District contributed \$13,944.00 on behalf of the participants who qualified for the 2020 calendar year.

NOTE 11: PENSION FUNDS

Description of Plans - All eligible employees of the Borough are covered by the Public Employees' Retirement System, (PERS), a cost-sharing, multiple-employer defined benefit pension plan which has been established by state statute and is administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of the System will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees' Retirement System. The reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295 or can be accessed on the internet at: www.state.nj.us/treasury/pensions/financial-reports.shtml.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of NJSA 43:15A to provide retirement, death, disability, and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing, multiple-employer plan. Membership is

Public Employees' Retirement System (PERS) (Continued) - generally required for substantially all full-time employees of the State or any county, municipality, school district or public agency provided the employee is not a member of another state-administered retirement system or other state or local jurisdiction.

Funding Policy - The contribution policy is set by NJSA 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997, and NJSA 18:66 and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The PERS provides for employee contributions of 7.50% of employees' annual compensation. Employers are required to contribute at an actuarially determined rate in the PERS. The PERS rates in effect for 2020 are 13.69%, of covered payroll, as reported on June 30, 2018. The actuarially determined contribution includes funding for, cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums.

The Fire District's PERS payments for the years ended December 31, 2020, 2019, and 2018, were \$15,575.00, \$15,832.00, and \$14,674.00, respectively, equal to the required contributions for each year.

The total payroll for the years ending December 31, 2020, 2019, and 2018, was \$187,310.26, \$183,386.17, and \$203,625.72, respectfully.

Significant Legislation - Chapter 78, P.L. 2011, effective June 28, 2011, made various changes to the manner in which the Public Employees' Retirement System (PERS) operates and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

- New members of the PERS hired on or after June 28, 2011, (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of $\frac{1}{4}$ of 1% for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the PERS is increased from age 63 to 65 for Tier 5 members.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.
- New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary.
- In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Chapter 1, P.L. 2010, effective May 21, 2010, made a number of changes to the State administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, the prosecutor's part of the PERS, special retirement under the PFRS, and employer

NOTE 11: PENSION FUNDS (CONTINUED)

Significant Legislation (Continued) - contributions to the retirement systems.

Also, Chapter 1, P.L. 2010 changed the membership eligibility criteria for new members of the PERS from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of the PERS to 1/60th from 1/55th and it provided that new members of the PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of the PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. For new members of the PERS, the law capped the maximum compensation that can be used to calculate a pension from these plans at the annual wage contribution base for social security and requires the pension to be calculated using a three year average annual compensation instead of the last year's salary. This law also closed the Prosecutors Part of the PERS to new members and repealed the law for new members that provided a non-forfeitable right to receive a pension based on the laws of the retirement system in place at the time 5 years of pension service credit is attained. The law also requires the State to make its full pension contribution, defined a 1/7th of the required amount, beginning in fiscal year 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program (DCRP).

Chapter 92, P.L. 2007 implemented certain recommendations contained in the December 1, 2006, report of the Joint Legislative Committee on Public Employee Benefits Reform; established a DCRP for elected and certain appointed officials, effective July 1, 2007; the new pension loan interest rate became 4.69% per year, and an \$8.00 processing fee per loan was charged, effective January 1, 2008. The legislation also removed language from existing law that permits the State Treasurer to reduce employer pension contributions needed to fund the Funds and Systems when excess assets are available.

NOTE 13: SHARED SERVICE AGREEMENT/POST-EMPLOYMENT BENEFITS

The Fire District has a shared service agreement with the Borough of Westville to provide liability insurance and medical benefits to the Fire District's full-time employees at cost.

Plan Description - The New Jersey State Health Benefits Commission is a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. The SHBP was established in 1961 under NJSA 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. The SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents. The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. The plan provides fully-insured medical and prescription drug coverage to eligible retirees and their spouses.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at: <http://www.state.nj.us/treasury/pensions/hb-employers.shtml>.

The District does not provide any post-employment benefits.

On February 4, 2019, the Fire District entered into a shared service agreement with the Borough of Westville to provide services of a Code Enforcement Official. The Fire District received \$20,000.00 for this service in 2020.

NOTE 14: LABOR CONTRACTS

The Fire District does not have any collective bargaining units.

NOTE 15: RISK MANAGEMENT

The Fire District is exposed to various risks or loss related to torts, thefts of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The Fire District maintains commercial insurance coverage for property, liability, and surety bonds through a shared service agreement with the Borough of Westville. There have not been any claims in excess of coverage and no significant changes in coverage noted during the year.

NOTE 16: OPERATING LEASE COMMITMENTS

The Fire District entered into an operating lease with Rothwell Document Solutions for a copier. The lease is for a period of 39 months commencing May 21, 2020. The payments were due in monthly installments of \$185.00. Total lease payments in 2020 were \$2,091.00. Future lease payments are as follows:

The Fire District also rents the fire house from the Westville Fire Department. Rent payments made to the Fire Department for 2020 were \$28,858.00.

NOTE 17: COMMITMENTS AND CONTINGENCIES

It is the Westville Fire District No.1's Counsel's opinion that there is no pending litigation or contingent liability that may be pending against the Fire District that would have an adverse effect on the financial position in the future.

NOTE 18: SUBSEQUENT EVENTS

Management has reviewed and evaluated all events and transactions that occurred between December 31, 2020 and June 10, 2021, the date that the financial statements were issued. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact the collection of certain anticipated revenues, such as licenses, fees, and permits. Other financial impact could occur though such potential impact is unknown at this time.

WESTVILLE FIRE DISTRICT NO. 1
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2020

NOTE 1: CONTRIBUTIONS

The contribution policy for the PERS is set by NJSA 15A and requires contributions by active members and contributing employers. The District's contribution amount was based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. State legislation has modified the amount that is contributed by the State. The District's contribution amount was based on an actuarially determined rate which includes the normal cost and unfunded accrued liability.

NOTE 2: ACTUARIAL ASSUMPTIONS

Public Employee's Retirement System

The total pension liability for the June 30, 2020, measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following actuarial assumptions:

Inflation rate	
Price	2.75%
Wage	3.25%
Salary increases:	
Through 2026	2.00 – 6.00% based on years of service
Thereafter	3.00 – 7.00% based on years of service
Investment rate of return	7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019, valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Division of Pension and Benefits financial report at: <http://www.nj.gov/treasury/pensions/gasb-notices.shtml>.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

Honorable Chairman and Members
of the Fire District
Westville Fire District No. 1
23 West Olive Street
Westville, New Jersey 08093

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and audit requirements as prescribed by Division of Local Government Services, Department of Community Affairs, State of New Jersey and the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Westville Fire District No. 1, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Westville Fire District No. 1's basic financial statements, and have issued our report thereon dated June 10, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Westville Fire District No. 1's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of Westville Fire District No. 1's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fire District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Westville Fire District No. 1's financial statements are free from material misstatements; we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or the requirements of the Division of Local Government Services.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised for NJSA 40A:11-4

NJSA 40A:11-4 states "Every contract or agreement awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law."

The Fire District has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the calendar year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per NJSA 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishings of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

Our examination of expenditures did not reveal individual payments, contracts or agreements in excess of the bid threshold "for the performance of any work or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisements or where a resolution had been previously adopted under the provisions of NJSA 40A:11-6.

OTHER COMMENTS
